

Swiss Diamond **CXD** is our latest and most groundbreaking innovation—delivering everything you want in nonstick cookware, and nothing you don't. Our industry-leading, diamond-infused nonstick coating, combined with innovative CXD ceramic technology, elevates performance to the next level. Unlike other ceramic cookware, CXD maintains exceptional durability and performance thanks to its dual-coating design and thick, pressure-cast aluminum body.

- PFAS Free
- Made in Switzerland
- Superior food release
- Eco-friendly production process
- Oven-safe up to 500°F (260°C)
- Cast aluminum body that will never warp
- Ergonomic handles
- Limited Lifetime Warranty

THE CXD PROCESS

Swiss Diamond **CXD** uses recycled aluminum to form a cast aluminum body that will never spin or warp. Unlike standard cookware, our CXD line is coated with two ceramic layers. The first, a plasma hard coat, creates a safe and durable bond with the second—a diamond-infused top coat—resulting in exceptional nonstick performance and extraordinary longevity.

HOW THEY WORK TOGETHER

Swiss Diamond **CXD** combines a pressure-cast aluminum base with our proprietary CXD coating to create lifelong, pro-level cookware for worry-free cooking. Achieve the perfect sear—without any of those nasty PFAS chemicals.

THE CXD PROMISE

Free of PFAS, PFOA, Lead, Cadmium, and Mercury

Compatible with ALL cooktops, including induction

Sustainable manufacturing for long lasting, worry-free cookware

Superior nonstick technology with a diamond-infused nonstick coating

About Swiss Diamond

Swiss Diamond is a high-end cookware and kitchenware brand established in 2001. The brand is committed to meeting consumer needs by using safe, high-quality materials, and by adhering to an eco-friendly production process. Swiss Diamond combines innovative designs with traditional European craftsmanship to empower home chefs around the world.

Worry Free, Healthy Cooking!

Swiss Diamond presents the CXD range—cutting-edge ceramic nonstick cookware combining clean cooking technology with our signature diamond-infused coating. PFAS- and PFOA-free, CXD offers exceptional durability, heat distribution, and effortless food release through a dual-layer coating consisting of a plasma hard coat and diamond-infused top coat. Crafted from 100% recycled aluminum in our hydroelectric-powered Swiss facility, CXD reflects our commitment to performance, sustainability, and quality.

Swiss Made Brands USA, Inc. is the exclusive distributor of Swiss Diamond® in the USA.
